

Golden Presidential Club Members

March–April 2014

Welcome to the Golden Presidential Club! This makes 28 years we have offered GPC benefits and membership services to our customers. And are ready for 2014 to be another successful year. We have planned some great trips and are anxious to meet old friends and make new friends. We all have the same interest and are ready to make wonderful memories together.

A little quote is: ‘There’s a land of love and laughter waiting just around the bend, and the way to get there is to travel with a friend.’ So invite a friend and make plans to join us.

How to become a member: Golden Presidential Club offers discounted and convenient group travel with other senior customers. **Free** to customers age 50+ who maintain a \$1500 daily balance in checking or a total of \$5000 in deposits in all accounts. Membership is \$10 per month if you do not have a qualifying balance. **Benefits** include the travel club pricing on a variety of trips throughout the year and free Basic Checking account. The Golden Presidential Club travel is not exclusively for GPC members. You are welcome to invite a friend to join us so we can show them what a wonderful GPC program we have. This gives us the opportunity to share what we at Commercial Bank can offer them. We have the best bank and the best travel club in our area and we’re happy to show them the benefits of becoming a Commercial Bank - Golden Presidential Club member. The Golden Presidential Club (GPC) is the right place to have hassle-free group traveling, we take care of every detail so you can enjoy the company of other travelers. Whether it’s a breakfast, lunch, a day trip around our area or extended trip our goal is to create an atmosphere where you can just sit back relax and have fun! Because **You deserve it!**

We strive for quality for our Golden Presidential members. We make sure you have the best and safest motor coach and driver, we check out the hotels to make sure they are safe and are highly rated for top quality. We can find cheaper hotels but we feel like you deserve the best. When choosing a place to eat there is a great amount of research to find the location and check the reviews to see what the restaurants have to offer. We also look for different things to do, places to eat and places to visit that you probably would not do on your own and sometimes these things add a little extra cost but also add quality and a new experience to your trip. So by being picky and wanting the best trips available we do not always have the lower price but you can be sure you are going to have the best in quality. We like to price the trip so you know what the cost of the trip will be and you are not having to dip into your own funds to make the trip complete. We have people who travel with us, telling us that they appreciate how we run our travel program by including as much as we can into the cost. They have traveled with others groups and there is no comparison in the quality of trips we offer. Our goal is for you to have a quality trip at the best cost so when you get off the bus and head home you can say “That was a great trip, where are we going next?”

We have two exciting extended trips planned this year, Alaska and Christmas in Vermont. Most of you have received the information on both of these trips, however we are refreshing your memory on the Alaska trip. Look in the next newsletter about Vermont. Alaska is a must do trip!! Please look at the information and make plans to join us. These trips were on your wish list last year for places you said you would like to travel in 2014 and we have taken your request and made it possible. Please take a close look at the deadlines and make your reservations. If you would like for us to debit your account for your deposit, just give us a call. The sooner you make your deposits will ensure the better accommodations.
